

District Donors Choose Standards

Instruction

Donated Equipment and Donors Choose Standards

The Bridgeport Public School networks and services are provided as a service of the Bridgeport Board of Education for the purposes of academic and administrative needs. Any equipment either purchased or donated to the Bridgeport Public School District through Donors Choose or other means becomes property of Bridgeport Public Schools. Information Technology Services must authorize the equipment to be used by students, faculty and staff.

The acquisition of the technology does not guarantee that it can be used or that the Information Technology Services Department will support or authorize usage.
