*\*Free Application for Federal Student Aid*

**About 95% of students qualify!**

**Most states and schools won't give aid without  
the FAFSA\*.** (Bonus: FAFSA will apply you  
automatically for federal, state, and school aid -  
if you list your school on the application.)

**Got 30 minutes?** (That's about how long it  
takes.) And we're here to help you on April 1st.

**You don't! You can qualify for grants,  
scholarships, and federal loans based on  
financial need.** (But a high GPA can help with  
academic, athletic, or arts scholarships.)
