

Superintendent's Love Note to Bridgeport Public Schools

Dear Bridgeport Community,

It's hard to believe that we have only been together for 36 school days! The first few weeks of my tenure has been one of the most rewarding and most taxing experiences of my career.

I continue to be incredibly thankful for your support, patience, and enthusiasm for the work that lies ahead and victories that we will experience together, one battle at a time.

"Faith is taking the first step even when you can't see the whole staircase." — Martin Luther King Jr.

When trust is broken, it's hard to believe that anything will be different until it changes. However, we have to persevere and focus on the eyes that watch us daily. They gleefully receive our "good morning" greetings and believe us when we smile and say "see you tomorrow." They are our priority and we must remain focused on putting their needs and expectations first. We stand poised to begin a new legacy of Bridgeport graduates, who will be proud to stay, return, and invest in our schools.

My resolve to meet that commitment remains unwavering and is even stronger than when I arrived in this beautiful city.

"The philosophy of the school room in one generation will be the philosophy of government in the next." – Abraham Lincoln

Take a look at all that we have done in 36 days. Now take a deep breath and exhale. I can't wait to see what we will do together in one year!
