Positive Behavior Intervention and Support

# What is P.B.I.S.?

P.B.I.S. is a systems approach to establishing a positive school climate that emphasizes prevention, instruction on social skills and data-based decision-making to both reduce problem behavior and improve academic performance.

**The goal of P.B.I.S is to create a pro-active school environment by:**

- \* *Clearly defining expectations*
- \* *Recognizing and encouraging positive behavior*
- \* *Recording and analyzing data to identify, address and reduce the causes of problem behavior*
- \* *Providing a support system for teaching, re-teaching, reminding and celebrating*

Recognizing that change involves not just the students, parents and staff at I.D.M.S.; we invite the whole community to join in the PBIS spirit.

**PLEASE JOIN US IN  
CELEBRATING OUR POSITIVE  
APPROACH TO BEHAVIOR.  
WE ALL HAVE A PART IN  
GOOD BEHAVIOR.**
